Dear SRTA Applicant,

Persons with disabilities may be considered eligible to use SRTA ADA service if they meet the following criteria:

- If the person’s disability prevents him/her from getting to and from a station/stop at the point of origin or destination.
- If the person’s disability prevents him/her from boarding, utilizing or disembarking from the vehicle at the station/stop, even with the assistance of a lift-equipped bus.
- If the person’s disability prevents him or her from recognizing the pick-up point or the destination point once the person is on the vehicle.
- If the person’s disability would not allow the person to negotiate transfers or connections if any should exist, on the desired fixed-route path of travel.

Architectural or environmental barriers not under the control of the SRTA (e.g. distance, terrain, lack of curb cuts, weather) alone, do not form a basis for eligibility. The interaction of such barriers with an individual’s specific impairment-related condition may form a basis for eligibility, if the effect is to prevent the individual from traveling to a boarding location or from a disembarking location.

A determination of your eligibility will be made by the SRTA within 21 days of receipt of the completed application. The SRTA will notify you in writing of the decision about your eligibility for ADA paratransit service. If it is determined that you are able to use the fixed route system and are not eligible for paratransit service, SRTA will explain the reason for this determination. An opportunity to appeal a SRTA decision will be available. The appeal process will be described in detail in the denial letter.

If your application is approved, you will be given information on how to use the appropriate service. If you are considered temporarily disabled by the SRTA then you will be granted TEMPORARY eligibility, which may be renewed (if necessary depending on your medical situation). Your eligibility may be reassessed periodically by our office.

Assessing Your Eligibility for Services

If you are applying for ADA Paratransit, please complete the ADA Paratransit Application that is attached. Remember, in order to be eligible for this service, your origin and destination must be within ¾ of a mile of our fixed route corridor and the time of your trip must fall within the hours of the closest SRTA bus route. If you do not reside within the ¾ mile radius, you may be able to book a ride with SRTA if there is space available on the service when you make the request. Trips outside of a ¾ mile radius and outside of the hours of operation for the nearest route are not ADA trips and not guaranteed. SRTA will endeavor to accommodate all non-ADA trips requests for ADA certified clients as long as it does not create a capacity constraint for the ADA service.

Please complete your application as thoroughly as possible. The questions will assist us in determining the specific limitations you have in using our service. It is possible that SRTA will look to schedule a call or a meeting in person should additional questions arise from reviewing your application. If there is a need for an in-person meeting, SRTA will be happy to provide transportation to and from our offices at no cost to the applicant as well as caregivers or Personal Care Attendants who may need to attend.

It will be necessary for a licensed medical professional (not a relative or friend) that sees you on a professional basis to complete the Medical verification portion of your application. This person may be a registered nurse, social worker, physician, physical therapist, psychologist, occupational therapist, chiropractor, speech pathologist, physician’s assistant, nurse practitioner, or mental health counselor employed by a medical facility. Contact our office if assistance is needed in completing your application. **Incomplete applications will be returned and not considered until all information (including the medical verification portion) is received.**

All applications and certifications will be kept strictly confidential and will not be released. We do reserve the right to verify the information reported on the application by contacting persons noted on the form.

Please return your completed application to:

ADA PARATRANSIT APPLICATION

This application will be used solely to determine ADA eligibility for Southeastern Regional Transit Authority. Transportation is primarily curb-to-curb, however, if needed; arrangements may be made for door-to-door service. Please complete this application to the best of your ability. The SRTA’s ADA paratransit services are for disabled individuals who travel within ¾ of a mile of our fixed route corridor and cannot navigate or access our fixed route service due to their disability. Transportation is provided from your point of origin to your destination and is available only when our regular fixed route buses operate. The fact that accessing the fixed route is difficult, inconvenient or does not travel near or to your home or point of destination is not sufficient grounds for eligibility, ADA service is available on a “next day basis” and costs double the adult base fare of our regular fixed route service.

All questions must be answered for the application to be considered complete. Please print or type.
